

REA 2G2 DATA MODEM

FEATURES

- ▶ 3 different TCP /IP Servers communication
- ▶ TCP /IP Remote Configuration through server with web interface
- ▶ TCP /IP Firmware Update through server with web interface
- ▶ 2G communication
- ▶ RS-232 connection
- ▶ AES128 end-to-end encryption (optional)
- ▶ Sms Monitoring (optional)
- ▶ Test pulse for every 30-1800 secs
- ▶ 2 input connection
- ▶ Battery backup (optional)

TECNICAL SPECIFICATIONS

- ▶ 12-30V and 400mA (for 24V) power consumption
- ▶ 2G communication
- ▶ RS-232 port connection
- ▶ 2 contact inputs
- ▶ Usb connection (no driver required for Windows)

ORDER DETAILS

- ▶ REA 2G2 Data Modem
- ▶ REA Z8 8 zone input module
- ▶ REA O8 relay output module
- ▶ REA RS232 232 connection module
- ▶ REA RS485 485 connection module
- ▶ REA 16IN4O 16 input 4 output module
